Boris
Giggin' alone at the bottom of my hill
Lovin' my guitar, she loves me still
Another mojo workin' and nothin' left to say
She ran away she ran away from me

Boris
Where will you go?
Wanna dissappear
Can't let my eyes on you
What is really real?
Where will you go?
Time to realize
Hangin' up in my mind man
Too upset to die

Boris
Giggin' alone at the bottom of my hill
My scavenger time it drives me so mad and ill
Who brought the news today - she ran away?
She ran away she ran away from me

Boris
Where will you go?
wanna dissappear
Can't let my eyes on you
What is really real?
Where will you go?
Time to realize
Hangin' up in my mind man
Too upset to die

Boris
Where will you go?
Time to realize
Hangin' up in my mind man
Too upset to die
Too upset to die
Too upset to die
Too upset to die
Too upset to die

Boris
So I came out of sight
Another turn and so I cried
Hangin up on the way I stucked
We just got the time we dropped

Boris
Where will you go?
Wanna dissappear
Can't let my eyes on you
What is really real?
Where will you go?
Time to realize
Hangin' up in my mind man
Too upset to die
