Buddy	It's one of those evenings I got the feeling I'd been receiving way to much grief and Though I tend to always lay back there's no chance to and I hate that I don't believe in stress for no reason losin' my freedom is not what I'm needin' I don't want to let this happen I want happiness to step in!
Buddy	My boss is mistreatin' people and cheatin' on people Deceivin' the people I'm leavin' 'cause he kills My last bit of pleasure there's no point in bearin' that pressure So I stay home readin' sit back to breath in Smoke of some weed and I get relief and I'm just takin' myself a vacation my mind is beggin' for recreation
